As a 16 year resident of the Groom Creek neighborhood as well as a customer of the Groom Creek Water Association I know we need a new water system therefore I SUPPORT the rate increase that the G.C.W.A. has asked for. Two weeks ago there was a break in the old line down the street from my house and my neighbors were without water for 5 days...That is why we need to update the entire system so this won't happen again. My house and neighborhood won't be worth anything to anybody if it doesn't have water. Someone said if it ain't broke ...don't fix it...well guess what ..it's broke and we need to fix it NOW!!!

Dear Corporation Commissioners, Ms. Mayes, Mr. Mundell, Mr. Gleason, Mr. Hatch-Miller, Mr. Pierce,

I am writing on behalf of my husband, Mike and I, who've been a home owner in Groom Creek for over 12 years, (the last 8 of which we've been full time residents.)

We stand unequivocally in support of our current boards attempt, combined with the efforts of our Corp. Commission staff, to derive at a new base rate of \$50.00. We believe that we are past due for much modernization and repair of our water system. My hope is that each one of you have studied Board Member Loren Greenburg's accounting stats, so that you are completely aware of our financial status.

I also wish to voice concern over the 'idea' that this project would be better completed piece-meal. The cost incurred to spread this project out over the long haul would be a far greater dollar amount. Water pressure within the old transite pipe would not be able to fluctuate so as to attempt to avoid further fractures, and thus water outages. Please look to the wisdom of your own staff and their recommendations, look also to helping us correct years of neglect by previous board members.

Again, we support the new base rate increase of \$50.00.

Sincerely,

Mike and Karin Anderson

Ms. Mayes,

I am a homeowner in Groom Creek AZ. We are in favor of a new water line to be put in our area and are ok with a rate increase with the base rate being \$50.00. Thanks for hearing us. Roger Wall 1420 Silver king circle, Groom Creek.
